Securities Company of the Year – Excellence Award

EBSI has expanded its product breadth and quantity significantly last year (including ESG investment offerings) despite the volatile market, thereby enabling more asset allocation solutions for clients, resilient products in particular, to help them diversify risks in volatile market conditions. The Company has recorded growth in its wealth management business, client numbers, asset under management, debt financing projects as well as insurance segment.

Wealth Management Platform – Excellence Award

Operating under its business brand “EBSI Wealth” and complementary service brands, Wealth Management continued to be the key business segment of Everbright Securities International. Amid the challenges from COVID-19 outbreaks, the Company continuously helped clients optimize asset allocation strategies towards investment goals by reviewing their risk tolerance levels and investment portfolios. EBSI also registered increases in client numbers on the back of its strengthened remote account opening and investment services. In addition to traditional assets, the Company offers alternative investments such as wines via business partners.

Corporate Finance Deals – Excellence Award

In spite of the lackluster IPO market in Hong Kong in 2021, EBSI maintained its ranking by deal value among Chinese brokers in the market while its new listing projects attracted famous cornerstone investors. The Company actively explored other corporate finance business and completed 41 debt financing projects last year, achieving a significant increase in total number of issuance for clients from different sectors such as financial institution, state-owned enterprise, and real estate etc. Furthermore, EBSI participated in green bond offerings and projects of multiple listing locations.

Greater Bay Area Brokerage Service – Excellence Award

Leveraging the solid support of its parent company Everbright Securities, EBSI has been expanding its businesses in the Greater Bay Area (“GBA”). This includes enhancement to investment and wealth management products and services available for the Macau market. The Company now provides nearly 1,000 fund products from 14 fund houses for the GBA while readying to offer bond products. To help promote financial development in the GBA, the Company facilitated the first-ever USD bond tri-listing in Macau, Hong Kong and Luxemburg.

High Net Worth (Product/Service) – Outstanding Award

To capture the growing market of high-net-worth individuals, the Company’s service brand “EBSI Private” and Asset Power Account services offer tailored and private-bank-level wealth management solutions for exclusive customers, which successfully attracted more high-net-worth clients for the Company in 2021.

Well-recognized and authoritative in the industry, the annual Financial Institution Awards organized by *Bloomberg Businessweek/Chinese Edition* aims to acknowledge the contribution of Hong Kong financial institutions. EBSI has been commended by the Awards for six consecutive years since 2017, a recognition for its all-round achievements.
