EBSI honored as “20 Years Plus Caring Company”

Hong Kong, March 3, 2022 – China Everbright Securities International Company Limited (“Everbright Securities International”, “EBSI” or the “Company”) is awarded the “20 Years Plus Caring Company” logo for 2021/22 by the Hong Kong Council of Social Service in recognition of the Company’s corporate social responsibility efforts in collaborating with non-profit organizations, promoting public welfare activities, caring for the community and employees, and protecting the environment. Newly added this year, the “20 Years Plus Caring Company” logo is an acknowledgement for companies that have received the Caring Company logo for 20 years or more consecutively, and EBSI is among the first financial institutions in Hong Kong to be awarded this logo, recognizing the Company’s long-time contribution to social services.

Over the years, Everbright Securities International has been working closely with various non-profit organizations. In 2021, the Company partnered with Fu Hong Society and donated stationery items via Fu Hong Society’s Sunrise Centre, an integrated community center for mental wellness, to those ready to re-enter society; in November, the Company participated in the “Fu Hong Society Territory-wide Flag Day” and sold flags in its offices to raise funds for the charity’s non-subsided services and assistance for persons with intellectual disabilities, psychiatric disabilities and autism spectrum disorder. Besides, EBSI contributed financial donations to the Community Chest Virtual Walk for Millions for the charity’s family and child welfare work.

EBSI always cares for its employees and puts their safety at the first priority. When COVID-19 began to spread rapidly in January this year, the Company responded quickly by arranging employees to work from home dynamically to minimize social contact and reduce the risk of virus transmission. At the same time, the Company follows strict COVID-19 prevention measures in its offices and wealth management centers, increases the frequency of comprehensive disinfection, and provides employees with protective gears such as surgical masks and rapid virus test kits.

Amid the pandemic that is impacting the society widely, EBSI is undeterred in sending love and care to those in need. COVID-19 protective equipment supply has been tight since the 5th wave of outbreak in Hong Kong, particularly in districts hard hit by infections. On February 8, EBSI joined hands with China Everbright Group and the Group’s Hong Kong subsidiaries to mobilize internal resources, and they together donated over 40,000 face masks to residents of Sun Chui Estate and Yan On Estate in Shatin. All this highlights the Company’s dedication to overcoming challenges shoulder to shoulder with the society.

EBSI will continue to team up with the community to fight the pandemic, and give back to the society that has nurtured our growth.
