Everbright Securities International Celebrates 2 Industry Wins at *Bloomberg Businessweek* Financial Institutions Awards 2025 for the Fifth Consecutive Year

Hong Kong, June 25, 2025 – China Everbright Securities International Company Limited ("Everbright Securities International", "EBSI" or the "Company") is proud to have earned several prestigious accolades this year. After being named "Best Broker" by *FinanceAsia* and the winner of " Wealth Management - Huazun Award" from Cailian Press, EBSI has recently earned the top-tier "Excellence Award" at the *2025 Bloomberg Businessweek/Chinese Edition Financial Institution Awards* in both the "Securities Company of the Year" and "Wealth Management Platform" categories. This marks the fifth consecutive year for the Company to receive top honors in these two categories, demonstrating its leadership in the industry and its comprehensive strength in securities services and wealth management.

Securities Company of the Year – Excellence Award

Despite global market volatility in 2024, EBSI achieved steady business growth by optimizing its professional services, expanding product diversity, and precisely aligning with different clients' risk appetites, resulting in net profit that doubled year-on-year. Brokerage revenue accounting for 58% of total income rose by 16% YoY. Notably, revenue from U.S. equities, bonds, and foreign exchange saw year-on-year growth of over 50%. On the corporate finance and capital markets front, EBSI seized the rebound in the Hong Kong IPO market to support several leading mainland enterprises – including MOKINGRAN, HEALTHYWAY INC, and VOICECOMM etc – in successfully listing on international capital markets. In addition, the Company assisted in the completion of bond issuance by a number of Mainland enterprises, with issuers including China Everbright Bank (Hong Kong Branch) and Jinan Hi-tech Holding Group. In asset management, the "Everbright Income Focus Fund" received multiple prestigious awards and rankings, including the LSEG Lipper Fund Awards and the HKCAMA Bloomberg Offshore Chinese Fund Awards, further strengthening its reputation and market standing.

The Company continued its digital transformation by leveraging technology to empower business development. In November 2024, it officially launched EBSI GO!, a next-generation mobile trading platform that enhances trading efficiency and user experience. Additionally, the Company applied big data and artificial intelligence to boost operational efficiency.

In terms of talent building, the Company has maintained a stable team of professionals—over half of its wealth managers have served the Company for more than a decade. A wide range of training programs is available to staff, including both job-related courses and soft skills development, covering interpersonal communication, time management, and computer literacy, helping employees steadily enhance their competitiveness delivering superior client service.

Wealth Management Platform – Excellence Award

Benefiting from a series of optimized schemes of the Hong Kong SAR government for investment immigration and talent admission, the Company's high-net-worth client base of "Asset Power" segment continued to expand in 2024, with client numbers up approximately 11% year-on-year. These clients value personalized wealth management services, including wealth accumulation, education planning, and legacy planning. The Company not only assigns dedicated wealth managers but also increases investment in product innovation to help clients achieve higher returns amid market volatility. Fulfilling the diverse needs of clients, the Company delivers a holistic wealth management experience that goes beyond traditional brokerage services. A series of exclusive "More than Securities" themed events has been designed for selected clients, including seminars on alternative investment themes, private movie screenings, and VIP passes to major local arts events, thereby strengthening the close connection between wealth managers and clients.

The Everbright Securities International has been honored by the *Bloomberg Businessweek / Chinese Edition* Financial Institution Awards for nine consecutive years, earning top-tier "Excellence Awards" for five consecutive years, a testament to the Company's enduring excellence. Looking ahead, the Company will continue to uphold its philosophy of "Hong Kong based, global vision", striving for innovation and delivering comprehensive, high-quality financial services to help clients achieve their investment goals.
